WEDNESDAY, APRIL 20, 1870.

The Celebration To-Day.

We publish elsewhere a programme for to-day of the celebration of our colored friends a jubilee over the adoption of the Fifteenth Amendment. We call attention to their resolutions, published elsewhere in this issue.

Our University Letter.

The interesting letter from "Nemo," of the East Tennessee University, will be appreciated by our readers we know. He is an East Tennessee boy of whom our people will one day feel proud, if health and strength are spared him.

R. B. Dowell.

It will be seen that this gentleman announces himself as a candidate for Attorney General. He has for some time past been acting as Attorney General pro tem. on the 17th Judicial Circuit, now abolished. He is a self-made man, and deserves credit for what he has accomplished.

New Real Estate Agents.

The new firm of Munson & Bailey offer particularly fine inducements to all persons having business in their line. They are both young men of fine business capacity and character, and will certainly succeed if merit and attention to business are any criterion. They advertise in another column, and speak for themselves.

Col. D. K. Young.

It will be seen that this gentleman announces himself a candidate for Circuit Judge in this Judicial Circuit. Col. Young is well known to the people as a man of sterling integrity, eminent legal attainments, and of unimpeachable moral character. Though we differ with him politically, we have a high regard for his personal and legal qualifications.

Cold Weather.

We always expect cold weather about Easter, but our expectations were more than met this season. The rain commenced falling on Saturday, and was soon followed by gusts of wind, which felt as if it were blowing directly from Alaska. On Sunday morning we had snow storms. During Sabbath and Monday overcoats and warm fires were in demand. We have trembled in our boots for the safety of the fruit crop.

Turner Hall.

Our German friends deserve great credit for the taste and judgment displayed in the arrangements of their new hall. They are making preparations for the great Turner Association to meet here in June. Our German fellow-citizens, wherever they go, enjoy themselves in their peculiar associations, and thereby preserve their national characteristics. If they will discountenance the efforts of some of their ambitious members to make political use of their association, they will certainly prosper.

Ruble's Agricultural Machines.

Our fat friend, Geo. Ruble, advertises his celebrated Agricultural Machines, which we know to be the best sold. Russell's Thrashers and Reapers and Mowers are sold in every part of the world. Australia, California, Oregon and South America are markets for these world-renowned machines. For thirty years Russell's Thrashers have been known as the best made. Year after year improvements have been made in their machines, until they are the most perfect made. He warrants every thing they make.

Another Government Suit.

The United States, by District Attorney E. C. Camp, and Hon. A. F. Perry, and Judge Stanley Matthews of Cincinnati, has filed a bill against the K. & N. R. R. in the Circuit Court of the United States for the Eastern District of Tennessee, for the purpose of collecting the sum of \$9,000, which it is claimed is due the Government for machinery and rolling stock purchased in 1855. This suit is similar to those now pending against the E. T. & V. R. R. T. & C. Co., and N. & C. Railroad Companies.

TEMPERANCE MOVEMENT.

Reorganization of the Grand Division of East Tennessee.

Pursuant to adjournment, on Saturday last, representatives from four Divisions—"Meridian Sun," "Salem Church," "Holston," and "Cold Water"—assembled at Temperance Hall, in this city, to reorganize the Grand Division of East Tennessee, Sons of Temperance.

The meeting was called to order by Past Grand Conductor E. S. Doyle, and B. J. Stephenson appointed Secretary. The object of the meeting was explained by the Chairman, when the election of officers was gone into, with the following result:

A. W. Rose, G. W. P.; M. W. Huffaker, G. W. A.; B. J. Stephenson, G. S.; James Hilton, G. T.; F. Rule, G. Chaplain; J. L. Plumlee, G. C.; E. Dozier, G. S.

The officers elect were duly installed by E. S. Doyle, Past Grand Conductor.

The Grand Worthy Patriarch then appointed the following Board of Trustees: B. J. Stephenson, L. Johnson, L. D. Johnson, F. Rule, and Haynes.

E. Dozier, E. S. Doyle, and L. W. Huffaker were appointed a Special Committee to settle with the old Board of Trustees, and collect the property belonging to the Grand Division.

After the transaction of routine business the Grand Division adjourned to meet on the third Saturday in May.

A sort of humor, surprised some of us, who had only half known the stern soldier, who opened with fire and sword Freedom's pathway to the sea. 'Out of the strong came forth sweetness.' There was in this speech no slightest effort at display, no ambitious use of figures, no fine writing of any sort—and yet it was not too plain in style to be spirited, and even picturesque.

Of the second meeting at Masonic Hall, Washington, she says:

"The second speech of Secretary Cox surpassed his first, in beauty of arrangement and finish of style. It was a charming bit of portraiture and biography, clear and concise, yet vivid and poetical. It seemed utterly unstudied, yet, as a piece of composition, was almost faultless. It had the simplicity of talk, and the dignity of history. The speeches and addresses of Mr. Cox never strike one as labored or learned, but the spirit of a careful, almost dainty, scholarship pervades his simplest efforts. In the use of figures he never undertakes to 'ride a two-horse act'—is never forgetful or careless. The one metaphor or illustration he makes choice of, at the beginning of a sentence, he goes on with to the end. The number of tropes and similes suffered to straggle, or thoughtlessly abandoned, by some marching columns of speech that night, showed, I must say, a great lack of discipline.

"The Vice President, in giving his personal recollections of the 'Bread Cast upon the Waters.'"

If the Great Providence has not literally cast bread upon the waters, He has planted the elements of wholesome nourishment on the rocks, in the shape of Sea Moss, from which the SEA MOSS FARINE is made. This new article has everywhere won "golden opinions of all sorts of people," and the housekeepers of the land generally regard it in the double light of a staple necessity and a delicious luxury; for while its use lessens the expense of living, the exquisite dishes prepared from it cannot be obtained even at an extravagant cost, from any other source. Scientific Committees, hotel keepers, professional cooks, ladies who superintend their own kitchens, physicians, nurses, dyspeptics and invalids of every class bear witness of these facts. To this mass of endorsements we unhesitatingly add our own; and without fear of contradiction say that the blanc mange, puddings, custards, &c., are the most delicious we have ever tasted.

The Day of Jubilee.

LINE OF MARCH.

The procession will form in front of the Court House, at 11 o'clock, preceded by the Brass Band; will march down Main street to High, up High to Asylum, up Asylum to Gay, down Gay to Main, thence to Methodist Hill.

PROGRAMME.

Speakers: Rev. G. W. Le Vere, Rev. J. P. Jay, Rev. Wm. Howell, W. F. Yardly, James Mason, M. J. R. Gentle, Rev. John C. Tate.

Singing: By the members of the Shiloh and Winans' Schools.

Chief Marshal—Dr. J. B. Young. Assistants—H. Alexander, Wiley Mabry, Wm. Simms, Albert Scott, Henry Carper.

The Committee on Address.

At the reorganization of the Democratic party of this city, perfected some days ago, an address was prepared and read, with which John H. Crozier was disgusted, because, as he said, it was not severe enough upon the corruptions and outrages committed by the Republican party. His fire and indignation was shared by the meeting, and a new committee was accordingly appointed to prepare an address in the spirit of Mr. Crozier's speech. That committee, as we give it elsewhere, is composed of John H. Crozier, Judge George Brown, and John M. Fleming.

We look forward with some interest to the address of which this committee will deliver itself, and when it is published we may have some comments to make upon the propriety and consistency of their comments on outrages and partiality.

The New Vestry in St. John's Church. At the annual election held in St. John's Parish on Easter Monday, the following gentlemen were elected Vestrymen for the present year: L. C. Shepard, Dr. O. F. Hill, Frank H. McClung, Colonel John Baxter, Dr. John Fouché, Capt. H. S. Chamberlain, Chas. H. Brown, Dr. Moses, S. J. Tod, and Geo. H. Smith.

The custom in Episcopal parishes is to elect the Vestry by the votes of the pew-holders, so our neighbor, the Press and Herald, is wrong in calling the election in St. John's a "new step."

Joseph H. Wilds, Esq.

The card of this gentleman appears elsewhere, soliciting patronage. Mr. Wilds is a newly admitted member of the Bar of Knox county, is attentive and diligent in his profession, and will give any business entrusted to him the closest attention.

Action of Colored Citizens.

At the meeting of the colored citizens of Knoxville, at the Court House, on the 5th inst., the following resolutions were presented by the Committee, which were unanimously adopted:

WHEREAS, The 15th Amendment to the Constitution of the United States has been ratified by the requisite number of the State Legislatures to make it a valid part of the Federal Constitution.

And whereas, the President of the United States has proclaimed the ratification of said amendment, by which the disabilities entailed upon our race by that foul stigma upon Christianity—American slavery—have been removed, and we stand now as citizens. Therefore, be it Resolved, That we recognize the working of the Almighty power in bringing up the American people to a proper understanding of their duty to an oppressed and down-trodden race; and that the principles of the Republican party are to secure the largest liberty to all the citizens, regardless of race, color or previous condition, and that a man shall not be deprived of any privilege without due process of law.

Resolved, That we reaffirm our adherence to the Republican party, and that we owe to them a lasting debt of gratitude for so nobly aiding in the deliverance of our race from bondage, and assisting in making us enfranchised citizens. And we will support that party with our influence and action so long as they continue to battle for liberty and justice.

Resolved, That we heartily endorse the movement now on foot to establish a national system of education, and that we will do all that is in our power to promote that great cause.

Lieut. T. T. Thornburgh.

It affords us pleasure to note the favor with which our East Tennessee "boys" are received in the various localities in which they are thrown, and in the various capacities in which they are called upon to act. It affords us special pleasure to bear testimony to the worth and merit of Lieut. Thornburgh. We were intimately associated with him during the late war, and formed our friendship for him under circumstances which tried men's souls. The following we clip from the San Diego (California) Union:

"MILITARY INTELLIGENCE."

"Brevet Maj. W. D. Whipple, Adjutant on the staff of Major-General Thomas, will make an unofficial visit to this city by the next steamer, accompanied by his family."

"By the same steamer Major Vernon will arrive to relieve Lieutenant T. T. Thornburgh in the command of this post. Company G, 12th Infantry will take the place of the detachment of the 2d Artillery now stationed here. The company is on the march from Fort Yuma, and will arrive in a few days."

"Lieutenant Thornburgh will probably leave one week hence to report at San Francisco. During the stay of this officer at San Diego he has commanded the respect of all our citizens by his amiable qualities as a gentleman and his faithful attention to his official duties. He leaves a very large circle of friends, who sincerely regret his departure. We trust that Lieutenant Thornburgh's promotion will be rapid, and that he will retire from the service at a green old age, with no heavier burden on his shoulders than the stars of a Major-General."

Death of an Old Citizen.

The surviving friends of John Dameron, who lived in Knoxville some twenty-five years ago, will be pained to hear of his death, which took place on the 1st day of the present month at his home in Shelby, North Carolina. He had been in poor health for a year or more past, and his death will not be a surprise to those more intimately familiar with his condition.

Mr. Dameron was a man of the strictest integrity, and by a careful management of his business affairs accumulated a large fortune. The very valuable tract of land along the line of the Knoxville and Kentucky Railroad, adjoining the National and City Cemeteries, belongs to his estate. He was well known among the older citizens of Knoxville.

The "Lucy Coker" in Court.

District Attorney Camp has filed a libel in the District Court of the United States for this District vs. the steamboat Lucy Coker, owned by John and Wm. Coker, for an alleged violation of the act of Congress passed July, 1838, in this, that said steamboat transported goods and passengers on the inland navigable waters of the United States without the license provided for in said act, and for not having the proper boats and tackle provided for in said act. The libel is filed on behalf of the United States and Edward S. Ganes, Local Inspector of Hulls, and S. M. Harrison, Local Inspector of Boilers. The libel was filed on Monday last.

Notice to Pensioners.

A Board of Pension Examiners has been organized at Knoxville, consisting of Dr. James Rodgers, J. R. Ludlow, and F. K. Bailey. The Board will meet at the office of Dr. Bailey on the first Wednesday of each and every month, to examine applicants for pension, and persons interested will receive attention at that time.

F. K. Bailey.

Sec. of Board of Examiners.

Misdemeanor Court.

This Court adjourned yesterday, after a session of two days more than a week. Quite a number of cases were disposed of. The Grand Jury was composed of active men, and not a few true bills were returned.

Suicide.

Thomas J. Conner, a well known citizen of Morristown, committed suicide last Sabbath by severing the jugular vein with an ordinary pocket knife.

CAPT. WILL H. ROBERTS, of Campbell Station, and Mr. E. A. Cobleigh, of Athens, have our thanks for handsome clubs of subscribers.

[COMMUNICATED.]

COLORED CITIZENS.—It was with gratitude that we read the Message and Proclamation of the President of the United States, saying that the Fifteenth Amendment to the Constitution was ratified, and that it is now a law of the United States.

In that Amendment we have equal rights, without any discrimination, and we do heartily and thankfully appreciate it. And, therefore, we do not know any better way to demonstrate it than to meet on this the 20th April, for the purpose of celebrating the same as our American independence, for it is the first time that we ever felt like we were free. And now we hope that all of the colored citizens will turn out on this grand occasion, and show to the world where we stand.

We are Republicans in every sense of the word, 900,000 new Republicans votes, and that is an element to that party. Now we, as colored citizens, ever have been watchful to see who advocated our rights in the United States Congress, and in our State Legislature. And now there is a Republican paper in our midst, and through it we will be heard. And, furthermore, we must not be unmindful to return our thanks to the President for his liberality towards us as a people. Also, we do heartily return our thanks to the people of those States that ratified the Fifteenth Amendment.

What Gov. Senter Says of the Democracy of Middle and West Tennessee.

Governor Senter was before the House Committee on Reconstruction to-day, in reference to the trouble in Tennessee and the political condition of that state. He stated to the Committee that between the months of November, 1869, and January, 1870, he offered \$25,000 reward for the apprehension of the perpetrators of murders in the State, and that amount only \$200 was claimed and paid. It appears that no reward offered was higher than \$500, which would make 115 murders in three months and only one conviction.—Wash. Cor. New York Times.

General Butler examined Governor Senter very closely as to the effect a general amnesty would have upon the rebels. Senter did not think it would do them any good. In his opinion the only remedy was militia or troops of some kind. The ex-rebels, he said, had a marked respect for power, and a thorough contempt for anything like weakness.—Wash. Cor. New York Herald.

The Pope refuses to confirm any more Liberal Prelates as Bishops and Archbishops in France and Germany.

Alexander Dumas, sr., says he knows better than his physicians can tell him, that he will not live another year.

When Rochefort was a very young man, he wrote a poem in honor of the dogma of the Immediate Conception.

Ferdinand Fellgrath, the great German poet, will probably leave Stuttgart and take up his residence at Nice.

ANNOUNCEMENTS.

We are authorized to announce R. B. DOWELL as a candidate for Attorney General of the Third Circuit, subject to the decision of a Republican Convention.

We are authorized and requested to announce the name of D. K. YOUNG as a candidate for Circuit Judge in the Third Judicial Circuit. Election on the 1st Thursday in August next.

We are authorized to announce Hon. O. F. TEMPLE as a candidate for re-election as Chancellor of the 8th Chancery Division of Tennessee.

We are authorized and requested to announce T. A. R. NELSON as a candidate for Supreme Court Judge from the Eastern Division. The election is to be held the first Thursday in August, and two Judges from each of the three divisions of the State are to be elected.

In response to the published call of members of the Bar, in various counties of East Tennessee, and numerous solicitations of friends, I hereby announce myself as a candidate for the Bench of the Supreme Court of the State.

We are authorized and requested to announce O. W. JONES as a candidate for re-election to the office of County Judge, made vacant by the adoption of the New Constitution.

Knoxville Quotations of Money and Stocks.

OFFICE KNOXVILLE CHRONICLE, Tuesday, April 19, 1870.

Gold closed in New York yesterday at 113. Good lots worth 11 here. As it is impossible to tell yet whether it will stay up, buyers prefer having a margin of 24 or 3 cents. The large amount of coin soon to be thrown on the market by the payment of interest, will no doubt bring it down again.

Government Bonds took a sudden advance during the past week, in sympathy with the price of gold, though the advance exceeded that of the latter. Of course the prices here were advanced accordingly.

Money market still remains close, and the demand for loans has decreased somewhat.
